

3rd February 2014.

The Honourable President Maxwell
Victorian Court of Appeal.
459 Lonsdale Street
Melbourne
Vic 3000

Your Honour.

Justices Robert Osborn & Greg Garde

I refer you to the included copy of my open memo dated 3rd February 2014.

I refer you in particular to page 1 and then the material beginning at page 8. Pages 2 to 7 are background detail.

As discussed in that memo, Justice Osborn fraudulently and maliciously fabricated Reasons for Judgment for the purpose of ignoring and denying the corrupt conduct of Major General Garde QC (now Justice Garde) and others. Until recently those fabricated reasons appeared to me to be an opaque conglomeration of rather disparate bald faced fabrications.

I have now managed to ascertain and set out the exceedingly sophisticated scheme of Osborn's fraud. Individual components of that scheme have been well known to a number of the justices of the Court of Appeal since 2007 but for reasons best known to them, in the face of the facts, they flat out denied the fact of those components.

I have now set out the scheme of Osborn's fraud in a manner which an ordinary lay persons will clearly understand, identify with and be reviled at. Further denial and ignore will be seen to be exceedingly serious.

With respect, you have a short window of time in which to be seen to act of your own volition in respect of the thoroughly corrupt conduct of Osborn and Garde. That window will close when public awareness will effectively force action. I intend to foster public awareness.

I advise that I have provided Osborn and Garde with a copy of that memo, also by express post of even date.

That barristers and solicitors of the ilk of Major General Garde QC. stand before your courts and blatantly lie with apparent well founded surety of impunity is deeply concerning.

That Judges of the ilk of Osborn can fraudulently fabricate Reasons with an apparent and thus far demonstrated well founded sense of immunity and impunity goes to the very heart of your court and democracy in Victoria.

My expectation is that you will immediately stand Osborn and Garde down from hearing matters, including part heard. My further expectation is that the Attorney General will institute appropriate inquiry. They will be incapable of effective work in any event. On receipt of the memo and my rather firm letter to them and being well aware of their fraud they will be preoccupied thinking about themselves.

In any event, in the near future I will be making appropriate criminal allegations against Osborn and Garde and the other barristers and solicitors involved.

I will be placing all material on the web at <http://courtsontrial.com> and widely distributing copies of that memo.

Yours Faithfully
